These inspections must be done in the spring with a completion date absolutely no later than June 1<sup>st</sup>. An inspection sign-up sheet was passed around for the commissioners present.

**VIII. Commissioner Retreat**

It was recommended by Commissioner Comiskey that the Commission hold a retreat so that the Commissioners can have the opportunity to network, provide additional training and brainstorm ideas. Commissioner Atwater offered to investigate the clubhouse in her housing development (Sun City Lincoln).

**X. Probation Report**

Probation provided statistics on placement. With the intention of keeping kids at home and the introduction of more evidence-based programs, trends have seen dramatic improvements. Fifteen years ago, Placer County had 90 kids in placement at any given time. Three years ago that number dropped to 60. Today, only 22 kids are currently in an out of home placement. There are currently 13 youth in a group home placement, nine in boot camp, two with outstanding warrants, and two in placement in the Juvenile Detention Facility (JDF) scheduled for "Time and Terminate" (will serve the remainder of their sentence and be terminated from Probation services - typically 18 years old).

New programs at the JDF include education on health/hygiene, gardening and forward thinking (journaling), addressing criminogenic needs.

The annual JJCPA (Juvenile Justice Crime Prevention Act) Coordinating Council Meeting will be held in the coming months. The probation-run school is planning on moving to Rocklin near Highway 65 and Sunset and will be separating wards from non-wards. The Roseville Police Assistance League (RPALS) made 672 referrals to the Probation Department in 2008. In 2011 only 341 referrals were made. The City of Auburn is looking to replicate this program.

Probation made a lengthy presentation on the Prison Rape Elimination Act (PREA) policy development in the Juvenile Detention Facility per state law requirements.
